

## **Planning Our Future** **Community Planning Update**

The Community Planning Committee needs your help. Please take time to complete our survey at <https://www.surveymonkey.com/r/WeWaiKaiCCP>. We need your input to make this plan successful. If you choose to include your name in the comments section, you will be entered into a draw for a \$100 Visa gift card. And please watch for other opportunities to be involved.

Over the next several months, the planning committee will work with the community to understand our collective vision for the future for We Wai Kai. This will result in a broad plan that will include many things that are important to the community. It will prioritize our needs and goals and will offer a set of actions to help us achieve them. We have already heard from Youth, Elders and families but have we heard from you? The intent is to provide leadership with a tool that will help to guide decision-making and planning.

Through many lengthy discussions and in consultation with others in the community, the planning committee identified 5 priority areas:

1. Culture and Language
2. Lands and Water
3. Community Well being
4. Economic Development
5. Governance

The goal for 2018-19 is to discuss this list of priorities with the community. This will include defining these priorities further and developing recommended actions that might be included in the plan.

Please get involved...
